American River Bridge Crossing Project, Folsom 1996

packed with photography narrative and race results le mans 100 is the definitive illustrated centennial history of this iconic motorsport event

American River Bridge Crossing Project: Technial appendices A-M 1996

as one of the greatest most celebrated athletes in history michael jordan conquered professional basketball as no

one before powered by a potent mix of charisma near superhuman abilities and a ferocious drive to dominate the game he achieved every award and accolade conceivable before retiring from the Chicago Bulls and taking an executive post with the Washington Wizards but retirement didn't suit the man who was once king and at the advanced age of thirty-eight Michael Jordan decided it was time to reclaim the court that was once his when nothing else matters is the definitive account of Jordan's equally spectacular and disastrous return to basketball having closely followed Jordan's final two seasons Michael Leahy draws a fascinating portrait of an intensely complex man hampered by injuries and assaulted by younger players eager to usurp his throne in this enthralling book Jordan emerges as an ambitious at times deeply unattractive character with unsurprisingly a monstrous ego when nothing else matters is an absorbing portrait not only of one athlete's overriding ambition but also of a society so in thrall to its sports stars that it is blind to all their faults
