

Ebook free Advances in laparoscopy and minimally invasive surgery an issue of obstetrics and gynecology clinics 1e the Full PDF

Gastrointestinal Diseases: A Multidisciplinary Approach, 1e (Clinics Collections), Pain Management: A Multidisciplinary Approach, 1e (Clinics Collections), COVID-19 and the Dermatologist, An Issue of Dermatologic Clinics, E-Book Kidney Disease, An Issue of Physician Assistant Clinics, E-Book Pediatric Sleep Clinics, An Issue of Sleep Medicine Clinics, E-Book Management of Esophageal Cancer, An Issue of Surgical Clinics, E-Book Biomarkers in Critical Care, An Issue of Critical Care Clinics E-Book Vascular Anomalies, An Issue of Dermatologic Clinics, E-Book Substance Use/Substance Abuse, An Issue of Nursing Clinics, E-Book Global Dermatology and Telemedicine, An Issue of Dermatologic Clinics , E-Book Fibroblast Activation Protein Imaging, An Issue of PET Clinics, E-Book Imaging of Headache, An Issue of Neurologic Clinics, E-Book Obstetrical Anesthesia, An Issue of Anesthesiology Clinics, E-Book Management of Operating Room Critical Events, An Issue of Anesthesiology Clinics, E-Book Pediatric Anesthesia, An Issue of Anesthesiology Clinics, E-Book Video Capsule Endoscopy, An Issue of Gastrointestinal Endoscopy Clinics, E-Book Commemorative Issue: 15 years of the Sleep Medicine Clinics Part 1: Sleep and Sleep Disorders, An Issue of Sleep Medicine Clinics, E-Book Tricuspid Valve Interventions, An Issue of Interventional Cardiology Clinics, E-Book Volume 45, Issue 1, An Issue of Orthopedic Clinics, Anesthesiologists in time of disaster, An Issue of Anesthesiology Clinics, E-Book Advances in physiologic pacing, An Issue of Cardiac Electrophysiology Clinics, E-Book Challenges in Pulmonary Hypertension, An Issue of Heart Failure Clinics, E-Book Pain/Palliative Care, An Issue of Anesthesiology Clinics, E-Book Sarcoidosis, An Issue of Clinics in Chest Medicine, E-Book Volume 5, Issue 3, An Issue of Hospital Medicine Clinics, E-Book Adult Congenital Heart Disease, An Issue of Cardiology Clinics, E-Book Global Women's Health, An Issue of Obstetrics and Gynecology Clinics, E-Book Robotic Thoracic Surgery, An Issue of Thoracic Surgery Clinics, E-Book Electromyography, An Issue of Neurologic Clinics, E-Book Breast Pathology, An Issue of Surgical Pathology Clinics, E-Book Thoracic Outlet Syndrome, An Issue of Thoracic Surgery Clinics , E-Book Vascular Medicine, An Issue of Cardiology Clinics, E-Book Testosterone, An Issue of Urologic Clinics, E-Book Gastrointestinal Pathology, An Issue of Surgical Pathology Clinics, E-Book Acute Respiratory Distress Syndrome, An Issue of Critical Care Clinics, E-Book Special Topics in Interventional Cardiology , An Issue of Interventional Cardiology Clinics, E-Book Left Atrial Appendage Occlusion, An Issue of Interventional Cardiology Clinics, E-Book Musculoskeletal Disorders, An Issue of Orthopedic Clinics, E-Book Coronary Artery Disease, An Issue of Cardiology Clinics, E-Book Ulnar-sided Wrist Pain, An Issue of Hand Clinics, E-Book

Gastrointestinal Diseases: A Multidisciplinary Approach, 1e (Clinics Collections), 2015-10-16 clinics collections gastrointestinal diseases draws from elsevier s robust clinics review articles database to provide multidisciplinary teams including general practitioners gastroenterologists otolaryngologists oncologists pathologists and surgeons with practical clinical advice and insights on this highly prevalent condition and its comorbidities clinics collections gastrointestinal diseases guides readers on how to apply current primary research findings on gastrointestinal diseases to everyday practice to help overcome challenges and complications keep up with new and improved treatment methods and improve patient outcomes areas of focus include gastroesophageal reflux disease barrett s esophagus upper gastrointestinal bleeding dyspepsia eosinophilic esophagitis gastroparesis dysphagia esophageal tumor colon polyps cancer constipation inflammatory bowel disease gastroenteritis lower gastrointestinal bleeding and hemorrhoids each article begins with keywords and key points for immediate access to the most critical information articles are presented in an easy to digest and concisely worded format elsevier s clinics collections provide concise reviews of today s most prevalent conditions and significant medical developments other clinics collections titles available include type ii diabetes mellitus asthma obesity pain management lipid disorders and chronic obstructive pulmonary disease

Pain Management: A Multidisciplinary Approach, 1e (Clinics Collections), 2015-10-15 clinics collections pain management draws from elsevier s robust clinics review articles database to provide multidisciplinary teams including general practitioners orthopedists obstetricians neurologists gastroenterologists nurses and other healthcare professionals with practical clinical advice and insights on this highly prevalent disease and its comorbidities clinics collections pain management guides readers on how to apply current primary research findings on pain management to everyday practice to help overcome challenges and complications keep up with new and improved treatment methods and improve patient outcomes areas of focus include physiology and general management musculoskeletal pain of the head neck upper body and lower body as well as neurologic disorders psychologic disorders and special considerations each article begins with keywords and key points for immediate access to the most critical information articles are presented in an easy to digest and concisely worded format elsevier clinics collections provide concise reviews of today s most prevalent conditions and significant medical developments other clinics collections titles available include type ii diabetes mellitus asthma and obesity

COVID-19 and the Dermatologist, An Issue of Dermatologic Clinics, E-Book 2021-09-24 this issue of dermatologic clinics guest edited by dr esther freeman and devon mcMahon will focus on covid 19 and the dermatologist this issue is one of four selected each year by our series consulting editor dr bruce thiers topics discussed in this issue include but are not limited to covid 19 as it pertains to dermatology residency race in dermatology dermatology practice changes global health dermatology dermatologic morphologies teledermatology dermatology immunology occupational dermatology biologics in patient dermatology pediatric dermatology registry update dermatopathology and effect of covid 19 on delayed skin cancer services provides in depth clinical reviews on covid 19 and the dermatologist providing actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create these timely topic based reviews

Kidney Disease, An Issue of Physician Assistant Clinics, E-Book 2016-01-28 physician assistant clinics aims to provide an authoritative and continuously updated clinical information resource that covers all of the relevant pa specialties our clinical review articles address the key points diagnosis prognosis clinical management and

complications of disease and techniques evidence and controversies in the field information for quick reference as well as in depth coverage of a topic is a hallmark of the clinics series this issue of physician assistant clinics guest edited by kim zuber pa c and jane s davis dnp crnp brings together expert pas nps and mds to give pas deep insights into the latest advancements in renal disease and show how they are applicable in practice articles in this issue include will the real kidney patient please stand up introduction of the kidney patient the surgical kidney patient cardiorenal the pump and the filter dosing the kidney patient abcs of the icu pediatrics forgotten stepchild of nephrology acute kidney injury aki outpatient management of the ckd patient nephrolithiasis the rolling stones transplant and the new protocols health disparities in kidney disease and diet and the kidney

Pediatric Sleep Clinics, An Issue of Sleep Medicine Clinics, E-Book 2023-05-02 in this issue of sleep medicine clinics guest editor dr haviva veler brings her considerable expertise to the topic of pediatric sleep clinics sleep disorders in children span the gamut from behavioral issues to medical disorders in this issue top experts cover a wide variety of topics in the field including measuring pediatric sleep health circadian rhythm disorders narcolepsy and idiopathy hypersomnia and much more contains 17 practice oriented topics including what's new in pediatric osa sleep and inflammation pediatric sleep pharmacology sleep during the pandemic sleep technology sleep and mental health the phat study update and more provides in depth clinical reviews on pediatric sleep offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Management of Esophageal Cancer, An Issue of Surgical Clinics, E-Book 2021-06-04 this issue of surgical clinics focuses on esophageal surgery and is edited by drs thomas fabian and john a federico articles will include epidemiology of premalignant and malignant tumors of the esophagus medical and endoluminal treatments of pre malignant lesions and their outcomes staging of esophageal malignancies surveillance for and management of recurrent esophageal malignancy after endoscopic treatment surgical treatment for early cancers as style modality chemoradiation therapy as definitive treatment for esophageal cancer tri modality approach for esophageal malignancies salvage esophagectomy consolidation therapy and adjuvant therapy after surgical resection immunotherapy or targeted therapy palliation of esophageal cancer surveillance following treatment of esophageal cancer esophageal anastomotic techniques management of postoperative complications after esophageal resection the biologic characteristics and clinical presentation of esophageal cancer and more

Biomarkers in Critical Care, An Issue of Critical Care Clinics E-Book 2019-11-28 this issue of critical care clinics guest edited by dr mitchell m levy focuses on biomarkers in critical care this is one of four issues each year selected by the series consulting editor dr john kellum articles in this issue include but are not limited to the history of biomarkers biomarkers for identifying infection procalcitonin where are we now soluble trem 1 diagnosis or prognosis lubricin as a biomarker in sepsis check point inhibitors and their role in immunosuppression in sepsis metabolomics and the microbiome as biomarkers in sepsis lactate where are we now predicting renal dysfunction biomarkers in the evolution of ards biomarkers and rv dysfunction biomarkers and precision medicine state of the art the use of biomarkers for population homogeneity in clinical trials and the future of biomarkers

Vascular Anomalies, An Issue of Dermatologic Clinics, E-Book 2022-10-18 in this issue guest editors bring their considerable expertise to this important topic provides in depth reviews on the latest updates in the field providing actionable insights for clinical practice presents the latest information on this timely focused topic under the

leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create these timely topic based reviews

Substance Use/Substance Abuse, An Issue of Nursing Clinics, E-Book 2023-04-27 in this issue of nursing clinics of north america guest editor dr linda stone brings her considerable expertise to the topic of substance use and abuse substance use disorder sud has long been recognized as a serious issue in the nursing and medical professions and in healthcare in general yet gaps in knowledge about this disease continue to exist education to promote sud awareness reduce stigma and assist in the early recognition and intervention of impaired individuals is essential for helping nurses continue to protect patients in the healthcare environment the clinical reviews in this issue help fill the existing knowledge gaps about sud in the nursing profession contains 15 practice oriented topics including compassion fatigue and substance use disorder the importance of a recovery friendly environment when returning to clinical practice following sud treatment how workplace challenges impact the risk of sud in a healthcare environment why health care professionals often don t ask for help and more provides in depth clinical reviews on substance use and abuse offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Global Dermatology and Telemedicine, An Issue of Dermatologic Clinics , E-Book 2020-12-04 this issue of dermatologic clinics guest edited by drs victoria williams and carrie kovarik will cover a number of important topics in global dermatology and telemedicine this issue is one of four each year selected by long time series consulting editor dr bruce thiers topics discussion include but are not limited to patterns of skin disease in the context of a high prevalence hiv population in botswana telemedicine and community health projects in asia utilizing technology for dermatology care in tajikistan a health systems perspective community outreach projects to increase dermatology education and access to care in argentina challenges and successes of dermatology training programs in africa developing an electronic platform for global dermatology mentorship and collaboration novel diagnostics for kaposi sarcoma and other skin diseases in resource poor settings implementing a locally made low cost intervention for wound and lymphedema care in western kenya challenges of managing skin disease in migrants and refugees factors affecting quality of life for people living with albinism in botswana and integration of management strategies for neglected tropical diseases affecting the skin

Fibroblast Activation Protein Imaging, An Issue of PET Clinics, E-Book 2023-06-01 in this issue guest editors bring their considerable expertise to this important topic contains 16 practice oriented topics including fibroblast activation protein inhibitor fapi pet imaging in pancreatic cancer fibroblast activation protein inhibitor fapi pet imaging in colorectal cancer fibroblast activation protein inhibitor fapi cardiac imaging fibroblast activation protein inhibitor fapi pet ct in gastric cancer and more provides in depth clinical reviews on fibroblast activation protein imaging offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Imaging of Headache, An Issue of Neurologic Clinics, E-Book 2022-08-11 in this issue of neurologic clinics guest editor dr sangam kanekar brings his considerable expertise to the topic of imaging of headache top experts in the field cover key topics such as headache attributed to disorder of the cranium and base of the skull role of ct and mri in evaluation of headache due to paranasal sinus and teeth disorder imaging of painful ophthalmologic disorders

role of mri and ct in the evaluation of headache in pregnancy and postpartum period assessment and imaging of pediatric and adolescent headache and more contains 12 relevant practice oriented topics including when to and when not to image headache imaging appearance of migraine and tension type headache radiology of trigeminal and glossopharyngeal neuralgias post traumatic headaches and post craniotomy syndromes imaging of headache attributed to vascular disorder and more provides in depth clinical reviews on imaging of headache offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Obstetrical Anesthesia, An Issue of Anesthesiology Clinics, E-Book 2021-11-16 obstetrical anesthesia an issue of anesthesiology clinics e book

Management of Operating Room Critical Events, An Issue of Anesthesiology Clinics, E-Book 2020-11-10 this issue of anesthesiology clinics guest edited by dr alexander a hannenberg focuses on management of critical events this is one of four issues each year selected by the series consulting editor dr lee fleisher articles in this issue include but are not limited to why we fail to rescue from critical events high fidelity simulation training alternatives to high fidelity simulation training tools to improve our capacity to rescue use of cognitive aids to improve management of critical events real time debriefing after critical events exploring the gap between principle and reality mass casualty events obstetrical hemorrhage intraoperative cardiac arrest the lost airway the septic patient and oxygen supply failure

Pediatric Anesthesia, An Issue of Anesthesiology Clinics, E-Book 2020-09-01 this issue of anesthesiology clinics guest edited by drs alison perate and vanessa olbrecht focuses on pediatric anesthesia this is one of four issues each year selected by the series consulting editor dr lee fleisher articles in this issue include but are not limited to the pediatric difficult airway updates and innovations current knowledge of the impact of anesthetics on the developing brain anesthesia for innovative pediatric surgical procedures pediatric mass casualty preparedness the pediatric burn current trends and future directions managing the child with complex congenital heart disease modernizing education of the pediatric anesthesiologist regional anesthesia options for the pediatric patient managing the pediatric patient for anesthesia outside of the or new trends in fetal anesthesia anesthetic implications of the common congenital anomalies managing the adult patient with congenital disease trends in pain management thinking beyond opioids sustainability in the or reducing our impact on the planet current trends in osa and processed eeg guided propofol infusion in children

Video Capsule Endoscopy, An Issue of Gastrointestinal Endoscopy Clinics, E-Book 2021-03-22 adoption of video capsule endoscopy has been slow but there are now four fda approved devices and others available in china it is now generally realized that there is an expanding role for these devices not only in the small intestine but in the gi tract in general in collaboration with consulting editor dr charles lightdale guest editor dr david cave has assembled expert authors to provide clinical reviews that address where we are now areas of controversy that still need resolution and where the field is likely to develop over the next 5 to 10 years articles are specifically devoted to the following topics training reading and reporting for video capsule endoscopy indications and contraindications complications of capsule endoscopy preparation prokinetics and surface active agents role of capsule in small intestinal bleeding role of capsule endoscopy in ibd role of video capsule endoscopy in liver disease role of video capsule endoscopy in alternative settings timing and use of the capsule endoscopy in the acute care setting role of video capsule

endoscopy as a prelude to deep enteroscopy location of capsule and provocation testing cost effectiveness of video capsule endoscopy artificial intelligence in capsule endoscopy and novel clinical applications and technical developments in video capsule endoscopy

Commemorative Issue: 15 years of the Sleep Medicine Clinics Part 1: Sleep and Sleep Disorders, An Issue of Sleep Medicine Clinics, E-Book 2022-06-07 in this issue guest editors bring their considerable expertise to this important topic provides in depth reviews on the latest updates in the field providing actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create these timely topic based reviews

Tricuspid Valve Interventions, An Issue of Interventional Cardiology Clinics, E-Book 2021-11-30 in this issue of interventional cardiology clinics guest editors vasilis c babaliaros and adam b greenbaum bring their considerable expertise to the topic of tricuspid valve interventions top experts in the field cover key topics such as orthotopic transcatheter tricuspid valve replacement surgical correction of tricuspid regurgitation anatomy of the tricuspid valve and pathophysiology of tricuspid regurgitation and more provides in depth clinical reviews on tricuspid valve interventions providing actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create these timely topic based reviews contains 10 relevant practice oriented topics including echocardiographic imaging of the tricuspid valve pre procedural planning and intra procedural guidance ct mri imaging of the tricuspid valve pre procedural planning post procedural follow up transcatheter leaflet strategies for tricuspid regurgitation tri clip and clasp approaches to recurrent tricuspid regurgitation following surgical repair or replacement valve in valve and valve in ring and more

Volume 45, Issue 1, An Issue of Orthopedic Clinics, 2014-02-07 each issue of orthopedic clinics offers clinical review articles on the most cutting edge technologies techniques and more in the field major topic areas include adult reconstruction upper extremity pediatrics trauma oncology hand foot and ankle and sports medicine

Anesthesiologists in time of disaster, An Issue of Anesthesiology Clinics, E-Book 2021-06-03 this issue of anesthesiology clinics guest edited by drs lee fleisher and jesse raiten focuses on this issue of anesthesiology clinics guest edited by drs alison perate and vanessa olbrecht focuses on anesthesiologists in time of disaster this is one of four issues each year selected by the series consulting editor dr lee fleisher articles in this issue include but are not limited to development of an anesthesiology disaster response plan the initial response to a pandemic anesthesiology experiences from china at the onset of covid19 development of a critical care response experiences from italy during the covid19 pandemic anesthesiology and critical care response to covid19 in resource limited settings experiences from nepal anesthesiology in times of physical disasters earthquakes typhoons tsunamis mass casualty and the role of the anesthesiologist anesthesiology in the active war zone special operations regional anesthesia in the field for trauma victims clinical research redirection and optimization during a pandemic

Advances in physiologic pacing, An Issue of Cardiac Electrophysiology Clinics, E-Book 2022-06-19 in this issue of cardiac electrophysiology clinics guest editors drs kenneth a ellenbogen pugazhendhi vijayaraman and santosh padala bring their considerable expertise to the topic of advances in physiologic pacing such as dual chamber ddd and dddr and atrium based pacing aai and aair in contrast to ventricle based pacing vvi and vvir top experts in the field cover key topics such as what we have learned from computer modeling of hemodynamics and lv pacing troubleshooting

the pacemaker ekg in patients with conduction system pacing what intracardiac tracings have taught us about lbbb multisite pacing in crt and more contains 20 relevant practice oriented topics including basic principles of hemodynamics during pacing pacing optimized by dp dt optimization of crt q lv programming algorithms for crt and more provides in depth clinical reviews on physiologic pacing offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Challenges in Pulmonary Hypertension, An Issue of Heart Failure Clinics, E-Book 2022-11-26 in this issue of heart failure clinics guest editors drs alberto m marra pietro ameri and alexander e sherman bring their considerable expertise to challenges in pulmonary hypertension top experts in the field cover key topics such as gender aspects in pulmonary hypertension pah in connective tissue diseases beyond systemic sclerosis genetic background of high altitude pulmonary edema oxygen therapy in pulmonary vascular disease and more contains 13 relevant practice oriented topics including rare forms of pulmonary hypertension management of sars cov 2 infection and covid 19 in patients with pulmonary arterial hypertension anabolic deficiency in pulmonary arterial hypertension anticoagulation in pulmonary hypertension and more provides in depth clinical reviews on challenges in pulmonary hypertension offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Pain/Palliative Care, An Issue of Anesthesiology Clinics, E-Book 2023-05-30 in this issue of anesthesiology clinics guest editors drs ronald g pearl and sean mackey bring their considerable expertise to the topic of pain palliative care top experts in the field cover key topics such as psychological approaches for migraine management ketamine in chronic pain management spinal cord stimulation for treatment of chronic pain history and transition to novel waveforms blinded pain cocktails transitional pain services and more contains 11 relevant practice oriented topics including the emerging field of potential biased opioid agonists update on treatments for facial pain disparities in pain medicine ultrasound guided procedures in the management of chronic pain and more provides in depth clinical reviews on pain and palliative care offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Sarcoidosis, An Issue of Clinics in Chest Medicine, E-Book 2024-01-29 in this issue of clinics in chest medicine guest editors drs robert p baughman elyse e lower and marc a judson bring their considerable expertise to the topic of sarcoidosis top experts in the field discuss the role of bronchoscopy in diagnosis of sarcoidosis monitoring pulmonary sarcoidosis ocular sarcoidosis biomarkers in sarcoidosis cutaneous sarcoidosis neurologic sarcoidosis and more contains 15 relevant practice oriented topics including sarcoidosis associated pulmonary hypertension predictors of mortality from sarcoidosis hematologic manifestations of sarcoidosis quality of life anti inflammatory therapy for sarcoidosis and more provides in depth clinical reviews on sarcoidosis offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Volume 5, Issue 3, An Issue of Hospital Medicine Clinics, E-Book 2016-08-02 this issue of hospital medicine clinics

edited by dr eddy chen covers topics including being the oncology hospitalist caring for acute leukemics blood transfusions for cancer patients qi initiatives in hospitalized cancer patients febrile neutropenia a closer look chemotherapy complications short and long term issues malignant bowel obstruction tumor lysis syndrome principles of radiation therapy what hospitalists need to know and neoplastic related cord compression

Adult Congenital Heart Disease, An Issue of Cardiology Clinics, E-Book 2020-08-03 this issue of cardiology clinics will cover adult congenital heart disease curated by dr curt j daniels this issue will explore topics in the field that are relevant for practicing clinicians this issue is one of four selected each year by the series editorial board jamil a aboulhosn david m shavelle terrence d welch and audrey h wu the volume will include articles on achd epidemiology and work force access and delivery of achd care atrial septal defect bicuspid aortic valve and achd aortopathy coarctation of the aorta ebstein anomaly tetralogy of fallot single ventricle and fontan physiology achd transcatheter therapy achd electrophysiology achd cardiothoracic surgery psychosocial aspects of achd congenital heart disease and pulmonary hypertension achd heart failure and mechanical support and transplant

Global Women's Health, An Issue of Obstetrics and Gynecology Clinics, E-Book 2022-11-02 in this issue of obstetrics and gynecology clinics of north america guest editors drs jean r anderson and grace chen bring their considerable expertise to the topic of global women s health the goal of this unique issue is to explore some of the challenging health problems that affect women worldwide and to make a positive impact on the global health of women multinational authors provide up to date reviews that address key clinical issues and critical topics in the field contains 13 practice oriented topics including contraception and preconception care interpersonal violence quality care for women interprofessional care in obstetrics and gynecology surgical burden of disease in women nonmedical factors that impact women s health and more provides in depth clinical reviews on global women s health offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Robotic Thoracic Surgery, An Issue of Thoracic Surgery Clinics, E-Book 2022-11-12 in this issue guest editors bring their considerable expertise to this important topic provides in depth reviews on the latest updates in the field providing actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize

Electromyography, An Issue of Neurologic Clinics, E-Book 2021-10-06 this issue of neurologic clinics guest edited by dr devon i rubin will cover key topics in electromyography this issue is one of four selected each year by our series consulting editor dr randolph w evans topics discussed in this issue will include nerve conduction studies needle emg electrodiagnostic assessment of uncommon mononeuropathies edx assessment of uncommon mononeuropathies electrodiagnostic assessment of radiculopathies electrodiagnostic assessment of plexopathies electrodiagnostic assessment of polyneuropathy electrodiagnostic assessment of myopathy electrodiagnostic assessment of neuromuscular junction disorders electrodiagnostic assessment of motor neuron diseases electrodiagnostic assessment of hyperexcitable nerve disorders and emg case examples provides in depth clinical reviews on the latest updates in electromyography providing actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create these timely topic based reviews

Breast Pathology, An Issue of Surgical Pathology Clinics, E-Book 2022-03-06 in this issue guest editors bring their

considerable expertise to this important topic provides in depth reviews on the latest updates in the field providing actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create these timely topic based reviews

Thoracic Outlet Syndrome, An Issue of Thoracic Surgery Clinics, E-Book 2020-12-04 this issue of thoracic surgery clinics guest edited by drs dean donahue and hugh g auchincloss is devoted to thoracic outlet syndrome drs donahue and auchincloss have assembled expert authors to review the following topics embryology and anatomy of the thoracic outlet evaluation of patients with neurogenic thoracic outlet syndrome reoperation for persistent or recurrent neurogenic thoracic outlet syndrome surgical technique supraclavicular first rib resection evaluation and management of venous thoracic outlet syndrome how common is thoracic outlet syndrome surgical technique minimally invasive first rib resection radiographic evaluation of thoracic outlet syndrome evaluation and management of arterial thoracic outlet syndrome and more

Vascular Medicine, An Issue of Cardiology Clinics, E-Book 2021-10-27 this issue of cardiology clinics curated by drs mark a creager and stanislav henkin will explore topics related to vascular medicine this issue is one of four selected each year by the series editorial board jamil a aboulhosn david m shavelle terrence d welch and audrey h wu topics in this volume include but are not limited to medical management of peripheral artery disease revascularization strategies for acute and chronic limb ischemia acute aortic syndromes thoracic aortic aneurysms abdominal aortic and visceral artery aneurysms renal and mesenteric artery disease extracranial carotid artery disease venous thromboembolism varicose veins and chronic venous insufficiency raynaud phenomenon and other vasospastic disorders

Testosterone, An Issue of Urologic Clinics, E-Book 2022-10-29 in this issue of urologic clinics of north america guest editor dr kevin r loughlin brings his considerable expertise to the topic of testosterone with about 2 out of 10 men older than 60 years having low testosterone american urological association coupled with an aging population this issue is an important resource for all urologists for effectively treating men and improving outcomes it provides a current update on testosterone in men from top experts in the field covering prostate cancer treatment the use of anabolic steroids hypogonadism testosterone replacement and more contains 15 practice oriented topics including current management and controversies surrounding andropause testosterone and male sexual function the interplay of testosterone and dihydrotestosterone in prostate cancer and more provides in depth clinical reviews on testosterone offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Gastrointestinal Pathology, An Issue of Surgical Pathology Clinics, E-Book 2020-08-30 this issue of surgical pathology clinics guest edited by dr raul gonzalez will cover key topics in gastrointestinal pathology this issue is one of four selected each year by our series consulting editor dr jason l hornick topics discussed in this issue will include grossing of gastrointestinal specimens best practices and current controversies subspecialty signout and interobserver variability in gastrointestinal pathology diagnosis and management of gastrointestinal neuroendocrine neoplasms daily dilemmas in pediatric gastrointestinal pathology upper gastrointestinal tract manifestations of inflammatory bowel disease gastric polyps approaches to biopsy and resection specimens of the ampulla updates in appendix pathology her2 in colorectal carcinoma histology of colorectal carcinoma proven and purported prognostic

factors diagnoses and difficulties in mesenteric pathology advances and annoyances in anus pathology among others
Acute Respiratory Distress Syndrome, An Issue of Critical Care Clinics, E-Book 2021-09-22 this issue of critical care clinics guest edited by drs michael matthay and kathleen dori lui focuses on acute respiratory distress syndrome this is one of four issues each year selected by the series consulting editor dr john kellum articles in this issue include but are not limited to epidemiology environmental factors clinical diagnosis physiology of ards including covid 19 pathogenesis based on clinical studies genetics of ards ventilator management and rescue therapy with ecmo acute kidney injury and ards pharmacologic therapies and ards and long term outcomes from ards provides in depth clinical reviews on ards providing actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create these timely topic based reviews

Special Topics in Interventional Cardiology , An Issue of Interventional Cardiology Clinics, E-Book 2022-06-19 in this issue of interventional cardiology clinics guest editor dr marvin h eng brings his considerable expertise to the topic of special topics in interventional cardiology top experts in the field cover key topics such as cath lab management in the setting of an infectious disease pandemic acute neurointervention for ischemic stroke percutaneous large thrombus and vegetation evacuation in the cath lab and more contains 12 relevant practice oriented topics including intra cardiac echocardiography for tricuspid valve intervention alcohol septal ablation for hypertrophic obstructive cardiomyopathy use of electrosurgery in interventional cardiology and more provides in depth clinical reviews on special topics in interventional cardiology offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Left Atrial Appendage Occlusion, An Issue of Interventional Cardiology Clinics, E-Book 2022-04-06 in this issue of interventional cardiology clinics guest editor dr matthew james daniels brings his considerable expertise to the topic of left atrial appendage occlusion top experts in the field cover key topics such as follow up imaging after appendage occlusion completed appendage closure trials and registries future laac trials and more contains 12 relevant practice oriented topics including left atrial thrombus are all atria and appendages equal left atrial appendage occlusion a choice or a last resort and how to approach the patient is pre cathlab planning for left atrial appendage occlusion optional or essential intra procedural imaging for appendage occlusion the case for intracardiac echo and more provides in depth clinical reviews on left atrial appendage occlusion offering actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Musculoskeletal Disorders, An Issue of Orthopedic Clinics, E-Book 2022-10-09 in this issue guest editors bring their considerable expertise to this important topic provides in depth reviews on the latest updates in the field providing actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field authors synthesize and distill the latest research and practice guidelines to create these timely topic based reviews

Coronary Artery Disease, An Issue of Cardiology Clinics, E-Book 2020-11-28 this issue of cardiology clinics will cover coronary artery disease curated by dr alberto polimeni this issue will explore topics in the field that are

relevant for practicing clinicians this issue is one of four selected each year by the series editorial board jamil a aboulhosn david m shavelle terrence d welch and audrey h wu the volume will include articles on high sensitivity troponins in acute coronary syndromes high bleeding risk patient with cad complete revascularization in chronic coronary syndrome patient selection for protected pci clinical applications of echo strain imaging in coronary artery disease mechanical circulatory support for cardiogenic shock impact of no donors on atherogenesis and atherosclerosis progression non invasive imaging risk stratification for cad antithrombotic therapy for patients with atrial fibrillation undergoing percutaneous coronary intervention no reflow phenomenon coronary physiology assessment for the diagnosis and treatment of cad bioresorbable coronary scaffold technologies non coding rnas in coronary artery disease new advances in the treatment of severe coronary artery calcifications and refractory angina pectoris

Ulnar-sided Wrist Pain, An Issue of Hand Clinics, E-Book 2021-10-06 this issue of hand clinics guest edited by dr dawn laporte will focus on ulnar sided wrist pain this issue is one of four selected each year by our series consulting editor dr kevin chung topics discussed in this issue include but are not limited to examination ulnar sided wrist pain ecu subluxation tfcc repair reconstruction failed tfcc repair reconstruction tfcc injuries in children and adolescents dry wrist arthroscopy lt ligament tears hook of hamate fractures ulnocarpal impaction druj arthritis druj instability and imaging of ulnar sided wrist pain
