in the 5th century bce herodotus wrote the first known western history to build on the tradition of homeric storytelling basing his text on empirical observations and arranging them systematically herodotus and the question why offers a comprehensive examination of the methods behind the histories and the challenge of documenting human experiences from the persian wars to cultural traditions in lively accessible prose christopher pelling explores such elements as reconstructing the mentalities of storyteller and audience alike distinctions between the human and the divine and the evolving concepts of freedom democracy and individualism pelling traces the similarities between herodotus s approach to physical phenomena why does the nile flood and to landmark events why did xerxes invade greece and why did the greeks win delivering a fascinating look at the explanatory process itself the cultural forces that shaped herodotus s thinking left a lasting legacy for us making herodotus and the question why especially relevant as we try to record and narrate the stories of our time and to fully understand them how much do animals matter morally can we keep considering them as second class beings to be used merely for our benefit or should we offer them some form of moral egalitarianism inserting itself into the passionate debate over animal rights this fascinating provocative work by renowned scholar paola cavalieri advances a radical proposal that we extend basic human rights to the nonhuman animals we currently treat as things cavalieri first goes back in time tracing the roots of the debate from the 1970s then explores not only the ethical but also the scientific viewpoints examining the debate s precedents in mainstream western philosophy she considers the main proposals of reform that recently have been advanced within the framework of today s prevailing ethical perspectives are these proposals satisfying cavalieri says no claiming that it is necessary to go beyond the traditional opposition between utilitarianism and kantianism and focus on the question of fundamental moral protection in the case of human beings such protection is granted within the widely shared moral doctrine of universal human rights theory cavalieri argues that if we examine closely this theory we will discover that its very logic extends to nonhuman animals as beings who are owed basic moral and legal rights and that as a result human rights are not human after all the authors present common and not so common behaviors of young children and attempt to explain them as having either a social communication or sensory cause they then offer ideas for how to deal with the behavior now and in the future and suggest signs to look for if more intense intervention is indicated publisher the interview is often the most important step in job hunting and solid preparation often spells the difference between a job offer and a friendly good bye handshake this book each page in the form of a q a flashcard offers ideal preparation for that big interview questions likely to be asked by an interviewer are printed on one side with proven answers printed on the reverse the book is designed so that pages can be pulled out selected and shuffled according to need and used as flashcards for practice interviewers are notorious for asking a wide range of questions and this book covers virtually all of them with 200 q a cards that fall into a variety of categories for instance work and educations questions what have you done why did you leave your last job what did you like most about your last job what did you like least about it have you ever been fired what is your management style and many more skills and competencies questions what can you do describe a challenging work issue you had to face how do you handle an angry employee and many more personality goals questions who are you what makes you a good team member where do you see yourself five years from now and many more behavioral situational questions can you tell a story tell me about a time when you had to juggle priorities to meet a deadline and

many more job fit questions are you a match how would you describe your ideal work environment what aspects of the job will you like least and many more torture trick questions can you take the heat why should we hire you for this position what do you expect your starting salary to be how do i rate as an interviewer the reverse side of each card tells why the question is asked presents sample responses and allows space to customize an answer here is an unusual and effective job hunting tool that will be valued by job applicants career coaches counselors and college placement offices all first timers entry level candidates and those seeking career changes stand to benefit immensely in landing the most optimum job if you re the kind of person who learns by example this book impressive answers to job interview questions is for you this small interview guide shows practical ways to prepare for interview it is packed with all you need to positively impress the interviewers so as to stand out in their eyes and come out with the green signal for the job the book contains questions that are most frequently asked during an interview along with answers to those questions it also gives you tips on what you should and shouldn t say during interviews there are ideas for researching jobs as well as the company and means for preparing your interview answers while helping you to prepare for an interview it also provides information regarding what the selection board expects from you explained with tips and strategies of interview preparations the book also addresses the fear and nervousness and how to overcome them how to turn them into a positive note highlights 1 it gives commonly asked questions and explains strategies to answer them in influential positive and attractive manner 2 it helps to analyze the questions put to you what the interviewer is trying to find out and the most appropriate way to frame answers so as to make the interviewer want to hire you 3 not just first timers it offers guidance to career changers on how to access your strengths acquired from previous jobs and to positively sell your potential to the interviewer impressive answers to job interview questions for fresh experienced candidates who needs this book it is for all entry level job seekers and experienced candidates interviewers ask you a variety of questions but what they actually want to know is why should they hire you if you have ever felt that you do not know how to explain why you re the person they need to hire can t positively sell yourself for the job fumble over your answers because you don t know what they really want to hear want to be more confident during the interview this is the book will show you how to polish your answers to get the job 1 shows you what they intend to discover in your answer 2 gives you strategies for answering unexpected questions 3 gives you how to tips for answering tough questions a tell me about yourself b what s your greatest weakness c what salary are you looking for d why do you want to join this company e why should we hire you f why do you have a gap in your employment history g describe a time when your work was criticized and how you handled it h what s your greatest strength this volume gathers studies by prominent scholars and philosophers about the question how have major figures from the history of philosophy and some contemporary philosophers addressed the ultimate why question why is there anything at all rather than nothing whatsoever following the great success of jane asher s debut novel the longing her second psychological thriller is a compassionate compelling and beautifully written study of the terrible effect of jealousy on a woman s life a comprehensive guide for parents enabling them to answer the many difficult questions that young children ask it covers many of the subjects that children are curious about from sex relationships and reproduction to religion and death während die meisten bücher über kreativität und erfolgreiche lebensführung schnelle und leicht verdauliche antworten liefern setzt der innovationsforscher warren berger ganz woanders an bei den fragen berger hat die strategien der kreativsten köpfe aus wirtschaft und wissenschaft darunter steve jobs jeff bezos und larry page untersucht und festgestellt dass sie alle eine besondere fähigkeit auszeichnet die richtigen fragen zu stellen was wir als kinder intuitiv tun nämlich die welt permanent in frage zu stellen um sie zu begreifen treibt uns das erziehungssystem aus und trimmt uns auf antworten dabei kommt es heute mehr denn je darauf an diese fähigkeit wiederzubeleben um zu kreativen lösungen zu gelangen anhand von sechzig erstaunlichen geschichten zeigt berger auf welche weise die richtige fragestellung den kreativen prozess antreibt nur wenn wir

unsere eingeübten annahmen in zweifel ziehen wenn wir lernen uns vertraute situationen so zu betrachten als wären sie neu kann es gelingen die richtigen lösungen zu finden ein lebhaft und humorvoll geschriebenes und dennoch hoch fundiertes buch mit dem wir lernen die welt und uns selbst neu zu betrachten boloroo is a curious girl who likes to ask questions why is the sky blue what are stars does anybody live on the moon why do we have to eat vegetables her questions get more complicated as she gets older why do we have to go to school what are dreams where do we go when we die but there is one question that no one can answer it is boloroo s big question do you know the answer n eyes closed didn t answer we re bushmen but the gap is much greater here worm and super man perhaps the worm desires to know the nature of dirt and why there s so much of it oh well shall we go sir morran asked lingman s eyes remained closed his taloned fingers were clenched his cheeks sunk further in the skull was emerging sir sir and answerer knew that that was not the answer alone on his planet which is neither large nor small but exactly the right size answerer waits he cannot help the people who come to him for even answerer has restrictions he can answer only valid questions universe life death purple eighteen partial truths half truths little bits of the great question but answerer alone mumbles the questions to himself the true questions which no one can understand how could they understand the true answers the questions will never be asked and answerer remem gives children the answers to many of the questions they ask about nature science and the things they see in the world annotation great leaders have many talents but one critical skill often unrecognized is the ability to ask and answer questions this unique book offers 78 questions that leaders at all levels need to ask and answer both inside and outside the organization leaders who master this question response technique will gain much useful information about what is really going on in their businesses as well as the admiration of employees customers and others with whom they interact the questions and answers cover a range of common and uncommon situations including the need to connect employees efforts to company goals layoffs business downturns and mergers personal crises of employees coaching and mentoring sessions and customer retention the book even includes advice on answering questions when the answer is i don t know or i can t tell you with worksheets in each chapter it prepares leaders to ask important questions of customers why do you do business with our competition employees what s a recent management decision you didn t understand and even themselves what do i want to be remembered for this book contains tricky and nasty sql interview questions that an interviewer asks it is a compilation of advanced sql interview questions after attending dozens of technical interviews in top notch companies like oracle google ebay amazon etc each question is accompanied with an answer because you want to save your time while preparing for an interview the difficulty rating on these questions varies from a junior level programmer to architect level sample questions are how can we retrieve alternate records from a table in oracle given a list of student names and grade write a query to print a comma separated list of student names in a grade write sql query to get student name and number of students in same grade write sql query to delete duplicate rows in a table write sql query to get the second highest salary among all employees write sql query to get employee name manager id and number of employees in the department write sql query to get the nth highest salary among all employees given an employee table with manager id as column print first name manager id and level of employees in organization structure why is the difference between nvl and nvl2 functions in sql what is the difference between union and union all what are the reasons for de normalizing the data what is a pseudocolumn how can you find 10 employees with odd number as employee id what is the difference between delete and truncate in sql which sql feature can be used to view data in a table sequentially what are the differences between case and decode in sql write a sql query to get the quarter from date knowledgepowerhouse com at a certain age children become very curious and they start asking why when a parent teacher educator or grandparent responds with an answer these inquisitive children will often respond with another why the quesiton is why was inspired by the author s son bradley there are 26 different questions and answers each comes with a great way to be

alphabet as well as a surprise bonus question at the end of this educational and fun children s book there is also a list of additional activities parents and educators can do with children to inspire inquiring minds as well as a list of related children s books to explore praise for the question is why the question is why incorporates both creative questioning and an innovative take on learning the alphabet it will make a great addition to any pre k or k 3 classroom library kaitlin roig debellis author choosing hope executive director classes4classes org and speaker this must read children s book makes learning fun with discussion provoking questions and beautiful illustrations my three year old loves this entertaining book russell d bernstein parent and author doodles lanhorn and the quest to save inner earth an engaging way to teach children the alphabet and the value of asking questions joyce guy patton elementary school teacher and principal retired about the author jeff yager grew up in connecticut and now lives in florida he is the author of two novels atom eve a sci fi for young adults and up and i like god co authored with skye bynes a novel about the impact of social media about the illustrator nancy batra is a graphic designer children s book illustrator and book cover designer who lives and works in new delhi india

Herodotus and the Question Why

2021-03-09

in the 5th century bce herodotus wrote the first known western history to build on the tradition of homeric storytelling basing his text on empirical observations and arranging them systematically herodotus and the question why offers a comprehensive examination of the methods behind the histories and the challenge of documenting human experiences from the persian wars to cultural traditions in lively accessible prose christopher pelling explores such elements as reconstructing the mentalities of storyteller and audience alike distinctions between the human and the divine and the evolving concepts of freedom democracy and individualism pelling traces the similarities between herodotus s approach to physical phenomena why does the Nile flood and to landmark events why did Xerxes invade Greece and why did the Greeks win delivering a fascinating look at the explanatory process itself the cultural forces that shaped herodotus s thinking left a lasting legacy for us making herodotus and the question why especially relevant as we try to record and narrate the stories of our time and to fully understand them

The Question, why Do We Go to War?

1803

how much do animals matter morally can we keep considering them as second class beings to be used merely for our benefit or should we offer them some form of moral egalitarianism inserting itself into the passionate debate over animal rights this fascinating provocative work by renowned scholar Paola Cavalieri advances a radical proposal that we extend basic human rights to the nonhuman animals we currently treat as things Cavalieri first goes back in time tracing the roots of the debate from the 1970s then explores not only the ethical but also the scientific viewpoints examining the debate s precedents in mainstream western philosophy she considers the main proposals of reform that recently have been advanced within the framework of today s prevailing ethical perspectives are these proposals satisfying Cavalieri says no claiming that it is necessary to go beyond the traditional opposition between utilitarianism and Kantianism and focus on the question of fundamental moral protection in the case of human beings such protection is granted within the widely shared moral doctrine of universal human rights theory Cavalieri argues that if we examine closely this theory we will discover that its very logic extends to nonhuman animals as beings who are owed basic moral and legal rights and that as a result human rights are not human after all

An Answer to the Question, Why are you a Christian?

1831

the authors present common and not so common behaviors of young children and attempt to explain them as having either a social communication or sensory cause they then offer ideas for how to deal with the behavior now and in the future and suggest signs to look for
