Advanced Approaches to Intelligent Information and Database Systems 2009

what do you get when you add together a bottle of whiskey a bad gambler a flea market wig a plastic gun and a hungarian bank 5 900 and what do you get twenty nine of these robberies later the legend of the whiskey robber when the eastern bloc thawed some extraordinary stories were revealed but none is as entertaining as this attila ambrus escaped late eighties romania for hungary but soon found that living on his wits wasn't getting him very far becoming goalie for a third division ice hockey team brought no fortune and little glory and his procession of moneymaking ruses fared little better until he discovered robbery with a supporting cast of car wash owners exotic dancers drunk army generals and cocaine snorting hungarian rappers julian rubinstein's tale is a spectacular debut immortalizing the most charming outlaw since the sundance kid

Major Information Technology Companies of the World 2011-05-02

it turned out that robert yugovich had to leave the gang of which he was a key part for many years he was aware of the gravity of his actions and knew that the gang would not sit idly by and overlook the fact that he had broken the unwritten rules of the mafia he had two choices killing his boss his only friend still alive or fleeing with his family trusting the laws of the european union the orderliness of democracy and the respect of human rights and dignity under a false name he sought refuge in one of the member states of the european union with support from the witness protection program he soon realized that what lied ahead of him was not what he had expected it was doubly true for hungary anything could happen robert realized that not only the serb mafia but the biased unfair national justice system was after his skin neither the former nor the latter would refrain from hurting him without a second thought for his family he had no other choice but to survive whatever may come and keep fighting even if the face of hope slowly ebbed away he didnt believe in miracles but the real loser was the one that did not even try to win the fight for survival dignity and justice still continues to this day the reason he decided to write this book was to help others learn from his mistakes the other reason was personal he wanted to put reality on paper because it was disgusting how neither the truth nor reality was needed to judge or to condemn someone just as there were good cops there were good criminals too and there were brutal people in the establishment as well truth is always where the power is

New International Dictionary of Acronyms in Library and Information Science and Related Fields 2009-03-20

explore ways to bring and keep your library s electronic services up to date from editor di su some years ago if you were told that a library s catalog would be available on a 24 7 365 basis you d think it was just another

fiction perhaps as influential as johannes gutenbergs invention of movable type printing the internet is one of the most significant happenings in the information world in modern times in addition to showing you how library services have been influenced and enhanced by the advent of the internet evolution in reference and information services the impact of the internet will enable you to make the most of the new opportunities that current technologies offer this valuable book will also help you and your library avoid the pitfalls and new challenges to professional competency that come along with electronic research evolution in reference and information services gives you a review of the history of electronic reference looks at the increasing role of librarians as teachers and providers of technical help for users provides case studies and ways to evaluate electronic research methods suggests strategies for providing effective electronic services examines government sites explores internet sources of health information shows you how to establish electronic services through your librarys portal site looks at how to manage a library computer lab and much more
